

Understanding of the World

We will share stories about how families may celebrate firework night, Diwali and Christmas.

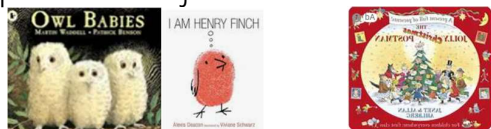

We will walk to the Post Office to post off letters to Father Christmas. We will draw maps of our route to the Post Office and talk about stamps and post boxes. We will explore differences between old and new toys. We will learn about nocturnal animals, explore their habitats and how they gather their food.

Communication & Language and Literacy

We will sequence and re-tell the story of **Owl Babies**. We will act out the story with puppets and find out facts about owls. We will also listen to the story of **I am Henry Finch** and explore the adventures the little bird goes on. We will share **The Jolly Christmas Postman** story to help us get ready to post our lists to father Christmas.

We will practise correct letter formation using the RWI rhymes. We will learn to write CVC green words by using 'Fred Fingers, Pinch the Sounds'.

Physical Development

We will continue to develop fine motor skills through funky finger activities such as picking up with tweezers, threading, lacing and weaving. We will have fun with dough disco and pen disco to develop our pencil grip skills. We will push and pull large diggers and skateboards. We will climb and crawl on the pirate ships and also explore moving around our new outdoor area.

Our learning will be focussed around the 7 areas of learning in the Early Years Foundation Stage. The children will play and learn through our Continuous Provision (we call this Discovery Time) in the classroom, outdoor area and school garden and also through adult lead learning activities.

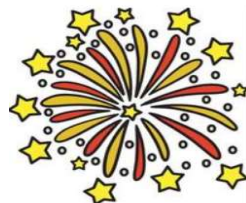

Please bring a named **water bottle**, warm waterproof **coat** and **bookbag** to school every day.

Please have **wellies** in school for our outdoor **Welly Wednesday** activities.

Please bring in a **PE kit** which will be kept in school on your child's peg and sent home every half term holiday. We will have PE every Thursday with Mr Croucher, our Sports Coach.

Reception Curriculum Newsletter Autumn 2 2024

Our topic this half term is
Special Celebrations!

Mathematical Development

We will focus on the numbers 5, 6, 7, 8, 9 and learn to compare, count and subitise. We will explore repeating shape patterns and name 2D shapes. We will learn about composition of number.

Phonics and Reading

We will continue to learn new letter sounds and also 'Special Friends' sounds where sounds are made with two letters. Please continue to support your child with the sounds in the little green sound books and use the videos we send home on seesaw too. We will learn to read **green words** with 'Fred Talk'.

Reading Books

As they learn to Fred Talk to read words, the children will begin to bring home blending books and then move on to Ditty sheets in a folder and eventually red reading books. Please write in your child's yellow reading record when they practise reading at home.

Social and Emotional Development

Our **JIGSAW PSHE** theme is all about **Celebrating Differences**.

We will explore what we are good at and what we enjoy. We will talk about why we are special and what makes us the same or different. We will also talk about our families and special celebrations in our own lives.

We will play games together which help us to make new friends. We will explore how to be a kind friend and how we can share and play together so we are all happy and safe.

Expressive Arts and Design

We will learn rolling and pinching skills to create clay hedgehogs and Diva lamps. We will explore firework shapes patterns with paint and pastels and also create 3D firework wands and dances. We will dance and sing Christmas songs when we perform our Christmas Nativity Play. We will have lots of fun with sparkly Christmas craft!
