April 2024	Removed reference to teaching Sex Education as this isn't a requirement for Primary aged children. Added how the Jigsaw PSHE programme supports the teaching of Relationships Education. Added how documents can be sourced that detail the Jigsaw position on teaching about gender identity and how Jigsaw supports the Church of England Principles and Charter in relation to RSHE.

## Introduction

At St. John's CofE VA First School we teach Personal Social Health Economic (PSHE) and the statutory Relationships Education curriculum in the context of the school's core values, vision and Christian ethos, as appropriate to the age of our pupils. Through our school core values and PSHE/ Relationship Education themes, we aim to foster and develop the whole child socially, emotionally, physically and spiritually to enable them to be the best they can be.

We believe that PSHE and Relationships Education is an integral part of every child's entitlement to receive a well-rounded education which encourages personal safety, health and well-being. Our PSHE and Relationships Education curriculum also develops a sense of personal identity and belonging to our school community and the wider community.

At St. John's CofE VA First School we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We believe that effective Relationships Education is essential for our pupils, as they grow, to be able to make responsible and well informed decisions about their lives.

At St. John's C of E VA First School we use the **Jigsaw, the mindful approach to PSHE** programme which delivers a comprehensive PSHE and Relationships Education programme.

## Context

The government have made Relationships, Sex and Health Education compulsory in all state funded schools from September 2020. **For Primary aged children the statutory element is Relationships and Health Education.**

The Government recognise that "today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way". (DfE guidance 2020).

As a First School, we must provide Relationship Education to all pupils. In teaching this, we follow government guidance. We are also committed to building an inclusive community and we ensure that issues are taught in a way that does not subject children to discrimination. We will ensure that teaching is accessible to all children and young people, including those who are lesbian, gay, bisexual and transgender (LGBT). Inclusive Relationships Education will foster good relations between pupils, tackle all types of prejudice – including homophobia – and promote understanding and respect.

Our PSHE and Relationships Education curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of children
- Prepares children for the opportunities, responsibilities and experiences of later life.

## PSHE

At St. John's C of E VA First School, we teach PSHE as a whole-school approach to underpin children's development as people and because we believe that this also supports the children's learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area. The overview of the programme can be seen in **Appendix 1** and on the school website.

The Jigsaw Programme also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

## Relationships Education

At St. John 's C of E VA First School, we include the statutory Relationships Education within our whole-school PSHE Programme.

PSHE and Relationships Education will promote self-esteem, emotional health and wellbeing and help children form and maintain relationships, based on respect for themselves and for others, at home, at school and in the community. We will cherish and celebrate diversity by valuing and respecting differences in people's age, ethnicity, nationality or national origin, language, religion or belief, culture, gender identity, sexuality, physical and mental (dis)ability, special educational needs, socio-economic background or (dis)advantage.

### **Relationships Education**

The DfE states that Relationships Education by the end of KS2 (Year 6) will have included:

- Families and people who care for the pupil
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

Full details of this can be found in **Appendix 2**.

Whilst the *Relationships* Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

### **Physical health and mental wellbeing education**

The DfE states that Health and Mental Wellbeing Education by the end of KS2 ( Year 6) will have included:

- Mental well-being 5
- Internet safety and harms
- Physical health and fitness
- Healthy eating
- Drugs, alcohol and tobacco
- Health and prevention
- Basic First Aid
- Changing adolescent bodies.

Full details of this can be found in **Appendix 3**.

Teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand.

In the Jigsaw Programme this is taught as part of the *Changing Me* Puzzle unit. As a First School, we only cover the curriculum requirement for reception – year 4; other requirements for teaching puberty and sex education are covered in later Key Stage 2 (years 5 and 6) and in Key Stages 3 and 4. Full details of the Jigsaw RSE Content from year 1 to year 4 can be found in **Appendix 4**.

Whilst the *Healthy Me* Puzzle unit in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

### **Aims and Objectives**

At St. John's C of E VA First School, we aim to closely link our school ethos of 'Together we give our children the roots to grow and wings to fly' and our Christian values to our teaching and learning in PSHE and Relationships Education. We also link PSHE/Relationships Education to Christian Festivals, faith weeks, events in our local community and also national/world events.

Our School Values are reflected in all our learning:

- Learning to gain **wisdom**
- Uniqueness to show dignity and **respect**
- Life to have **hope**
- Responsibility to gain **self-control** (patience)
- Community to build **friendship**
- Courage to **persevere**

**Our school behaviour expectations are always to be:**

- Ready
- Safe
- Kind

These are taught explicitly to the children and visual prompts and consistent verbal prompts are shared regularly with them in their class and around school. These behaviour expectations underpin the wider teaching about positive relationships and making safe choices in and out of school.

**Curriculum Organisation and Planning**

At St. John's C of E VA First School, PSHE and Relationship Education is taught weekly through a planned programme of work that follows the Jigsaw PSHE programme. Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships Education. As a First school, we use the units of work from Reception to Year 4. The way the Jigsaw Programme covers these areas is explained in the Jigsaw mapping document in **Appendix 1**.

Jigsaw brings together PSHE and Relationships Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same unit (Puzzle) at the same time. This enables each Puzzle to start with an introductory Collective Worship, generating a whole school focus for adults and children alike.

There are six units (Puzzles) in Jigsaw that are designed to progress in sequence from September to July. Each Puzzle has six Pieces (lessons) which work towards an 'end product', for example, The School Learning Charter or The Garden of Dreams and Goals.

Each unit has two Learning Intentions: one is based on specific PSHE learning (covering the non-statutory national framework for PSHE Education but enhanced to address children’s needs today); and one is based on emotional literacy and social skills. The enhancements mean that Jigsaw is relevant to children living in today’s world as it helps them understand and be equipped to cope with issues like body image, cyber and homophobic bullying, and internet safety.

Every Piece (lesson) contributes to at least one of these aspects of children’s development. This is mapped on each Piece and balanced across each year group.

For children in Reception, the lesson plans clearly identify the Early Learning Goal (ELG) and the Development Matters levels (D4 - D6) that will be the focus of the session. Every plan has child initiated and Adult-led activity ideas for both the indoor and outdoor learning environment.

The complimentary update policy for the Jigsaw programme ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

### Curriculum Content

The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
<b>Autumn 1:</b>	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
<b>Autumn 2:</b>	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
<b>Spring 1:</b>	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
<b>Spring 2:</b>	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
<b>Summer 1:</b>	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
<b>Summer 2:</b>	Changing Me	Includes Relationships Education in the context of coping positively with change

At St. John’s C of E VA First School we allocate one hour to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways through:

- Jigsaw Collective Worship (to launch new Jigsaw themes at the start of each half term)
- Daily whole school or class Collective worships which focus on our school ethos and Christian Values
- Links to our School behavior expectations to be Ready, Safe, Kind.
- The ‘Jigsaw Charter’ in PSHE and Relationship Education lessons

Through relationships child to child, adult to child and adult to adult across the school we aim to 'live' what is learnt and apply it to everyday situations in the school community. Opportunities for linking aspects of PSHE will also be identified and developed by class teachers through topic teaching. We also aim to enhance aspects of PSHE through special theme days and weeks.

### Teaching and Learning

A range of teaching strategies will be used to ensure that learning is purposeful, active and exciting.

Jigsaw is written as a universal core curriculum provision for all children. Inclusivity is part of its philosophy. All pupils will work within a safe, secure climate to be able to explore their own and others' attitudes, values and skills.

Lessons will involve a high level of interaction where each pupil has planned opportunities for learning which will give them scope to work to their full potential. Establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital to successful and effective teaching and learning within this subject.

Each class will establish ground rules based on the 'Jigsaw charter':

- We take turns to speak
- We use kind and positive words
- We listen to each other
- We have the right to pass
- We only use names when giving compliments or when being positive.

Weekly Jigsaw learning happens in Reception once the children have settled in and links are made with other learning opportunities for personal, social and emotional development within the EYFS curriculum.

In Key Stage 1 and Key Stage 2 PSHE lessons are part of the weekly time-table. Learning opportunities in other subjects through our topic led curriculum are being developed and specific events and activities are to be planned into the school year to enrich learning.

Teachers will choose the method most appropriate for their whole class to meet the objectives of the lesson. All classes use circle time to promote and discuss issues within PSHE and citizenship.

We aim to put our Christian values and school ethos into practice by valuing the opinions and ideas of our pupils. We involve our pupils in new initiatives and encourage them to have roles and responsibilities within our community that have strong PSHE links. There are ten Year 4 'Playground friends' who support other children in playing games and finding friends at lunchtimes and playtimes. Our St. John's School Council is also very much involved in collecting opinions and feeding back ideas on how we can improve our school and aspects of school life. We have a house system for children and staff which encourages a sense of belonging in the school community. Children in year 4 have the opportunity to become House Captains and Playground friends; this encourages and develops a feeling of responsibility and gives our oldest pupils the opportunity to contribute to the life of the school. We have an eco-warriors group which explores different environmental issues, both within school and the wider world. This group comprises of two children from each of the Year 3 and Year 4 children. We develop strong links with our wider school community, including visiting St. John's Church, Choir performances, sharing well wishes with Rowden House and taking part in the Remembrance Parade.

## **Parental and Community Involvement**

At St. John's C of E VA First School we are committed to working in close partnership with parents and carers. The school understands the important role parents play in enhancing their children's understanding of relationships and health. Similarly, we also understand how important parents' views are in shaping the curriculum.

Parents and carers are consulted in the development of this policy. We draw particular attention to some of the content in the units '*Healthy Me*', '*Relationships*' and '*Changing Me*'. Parents and carers are offered the opportunity to view the teaching materials and resources that will be used for the teaching of these particular areas. During our 'new year group' welcome meetings at the start of each academic year in September, teachers will share the Jigsaw overview for the year with parents and carers.

The school aims to build positive relationships with parents and carers by providing opportunities to discuss the content planned to be delivered, addressing any concerns and helping parents and carers in managing conversations with their children on the issues covered by the curriculum. PSHE/Relationships Education will also be included in half termly topic newsletters.

Parents and carers are regularly informed of events and developments on the website and school newsletter. Working with parents is a vital part of the whole school approach to PSHE and Relationships Education.

We aim to involve outside agencies, including School Liaison Police Officer, dental health advisors, e-safety advisors and the SCARF Life Education Bus to deliver aspects of the PSHE/RSE curriculum where possible.

## **Withdrawal from PSHE / Relationship Education Lessons**

As we do not cover Sex Education within our Relationship Education there is no right for parents to withdraw their child from these sessions. If parents require further information they can speak to a member of staff

## **Assessment**

Children's understanding, knowledge and skills are assessed through observation, discussion, questioning and group participation. Children will be encouraged to talk about and reflect on their own experiences. In EYFS and Year 1, Jigsaw floor books are used to record children's learning. In Years 2 – 4 children record their learning in individual books.

## **Training and Support for Staff**

All staff benefit from Jigsaw PSHE training in order to enhance their PSHE delivery skills. Opportunities are provided for staff to identify individual training needs and relevant support is provided from the Subject leader and SLT. In addition to this, support for teaching and understanding PSHE and RSE issues is incorporated in our staff PDM and INSET programme, drawing on staff expertise and/or a range of external agencies.

## **Confidentiality and Safeguarding**

As a general rule a child's confidentiality is maintained by the teacher or member of staff concerned. If this person believes that the child is at risk or in danger, she/he talks to the designated safeguarding lead (DSL) who takes action as laid down in the Safeguarding Children Policy. All staff members are familiar with the policy and the identity of DSLs. The child concerned will be informed that confidentiality cannot be kept as the adult has the responsibility to pass on the concern in order to help the child. The child will be supported by school staff throughout the process.

## Monitoring and Review

The PSHE/RSE subject leader will monitor delivery of PSHE through observation and discussion with teachers to ensure consistent and coherent curriculum provision. Subject monitoring will include the following:

Self-evaluations and discussions with children, parents/carers, Governors and staff

Lesson observations

Learning walks and classroom/hall displays

Work scrutiny and lesson planning scrutiny

The subject leader will create annual subject reports for the Head teacher and governing body to report on the quality of the subjects. The subject leader will also work with the Head teacher and PSHE/RSE link governor to evaluate the effectiveness of the subjects and implement any changes.

## Legal framework

This policy has due regard to legislation and statutory guidance including, but not limited to, the following:

- Section 80A of the Education Act 2002
- Children and Social Work Act 2017
- The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019
- Equality Act 2010
- DfE (2019) 'Relationships, Education, Relationships and Sex Education (RSE) and Health Education'
- DfE (2013) 'Science programmes of study: key stages 1 and 2'

Jigsaw PSHE documents supporting this policy:

- Jigsaw 3-11 and statutory Relationships and Health Education (mapping document available in the 'documents' section of the Jigsaw site)
- Including and valuing all children. Jigsaw has an article detailing its approach to discussing gender identity within Jigsaw sessions. This article titled 'Gender Identity' can be found in the Documents / articles section of the site.
- Jigsaw PSHE supports the Church of England Principles and Charter in relation to RSHE and details of this are in the Documents / Articles section titled 'Church Schools'

## Monitoring and review

This policy will be reviewed on an annual basis by the subject leader, Headteacher and Governing Body. The next scheduled review date for this policy is April 2025.

## Appendix 2:

### Relationships Education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults. The references R3/H5 etc can be cross-referenced on the Jigsaw mapping documents and Puzzle Maps to show which lessons throughout Jigsaw contribute to which statutory outcomes.

The guidance states that, by the end of primary school (year 6) pupils should know:

	<b>Pupils should know...</b>	<b>How Jigsaw provides the solution</b>
<b>Families and people who care for me</b>	<ul style="list-style-type: none"> <li>• R1 that families are important for children growing up because they can give love, security and stability.</li> <li>• R2 the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives.</li> <li>• R3 that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care.</li> <li>• R4 that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up.</li> <li>• R5 that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious).</li> <li>• R6 how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Relationships</li> <li>• Changing Me</li> <li>• Celebrating Difference</li> </ul>
<b>Caring friendships</b>	<ul style="list-style-type: none"> <li>• R7 how important friendships are in making us feel happy and secure, and how people choose and make friends</li> <li>• R8 the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties</li> <li>• R9 that healthy friendships are positive and welcoming towards others and do not make others feel lonely or excluded</li> <li>• R10 that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right</li> <li>• R11 how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help and advice from others, if needed</li> </ul>	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> <li>• Relationships</li> <li>• Celebrating Difference</li> <li>• Being Me in My World</li> <li>• Healthy Me (KS2)</li> </ul>

### Appendix 3:

#### Physical health and mental well-being education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	<b>Pupils should know</b>	<b>How Jigsaw provides the solution</b>
